

German language training for classes and groups

About us

Since 1991 we offer German courses for youngsters and adults from all over the world. Our school is located in the heart of Lindau's historical center and provides a wonderful view over the harbor at Lake Constance and the Alps. The Lake Constance is one of Europa's biggest inland lake and the biggest lake in Germany. With its wide range of free time and sport activities the Lake Constance region offers various possibilities to become familiar with the culture and the language, particularly for young people. Especially the familiar atmosphere is perfect for our students. The safety of the city and the good infrastructure make it possible for our students to feel independent.

Language training

- 20 or 25 units a 45 min/ week
- Grading test
- Every level
- Monday to Friday every morning, optional: two additional afternoon lessons
- study in groups of 10 -15 students

During the language lessons our participants learn all about vocabulary, grammar and spelling. The students can use this newly acquired knowledge straight away in real life.

Accommodation

Here you can experience the German way of life, get in touch with it and use your new gained German skills. In our host families you can either stay alone or with another student. Your temporary home away from home is not more than 30 minutes away from the school, breakfast and one warm meal per day are included in the accommodation price.
