

Holiday program for students

Winter – Easter – Pentecost – Autumn

About us

Since 1991, we offer German courses for youngsters and adults from all over the world. Our institute is located in the heart of Lindau's historical center and provides a wonderful view over the harbor at Lake Constance and the Alps. The Lake Constance is one of Europa's biggest inland lakes and the biggest lake in Germany. With its wide range of free time and sport activities, the Lake Constance region offers various possibilities to become familiar with the culture and the language, particularly for young people. Especially the familiar atmosphere is perfect for our students. The safety of the city and the good infrastructure make it possible for our students to feel independent.

Language course

In our German courses in the morning, our students learn German intensively and improve their oral fluency as well as their writing skills. Listening, writing, reading and speaking will be equally imparted. In the afternoon, an intensive writing training will take place which is designed particularly for foreign students. Our experienced teachers impart both language and culture in an age- and learning speed-appropriate manner to the young participants.

Accommodation

Together is better! Therefore, we offer an unforgettable stay in one of our carefully selected host families. All accommodations are easy to reach. Our host families provide single or double rooms with half board (breakfast and warm dinner) or full board (breakfast, lunch package and warm dinner) for our students.

Mentoring and leisure program

In all matters being important for a successful stay, the students are intensively supervised by our staff. The dialoge team will be happy to help with all questions or problems during the stay. Furthermore we offer a varied leisure program at our school. The students are more than welcome to join.

Holiday program for students

Winter – Easter – Pentecost – Autumn
